Subject to approval by the general court, such excise shall be adjusted by the authority from time to time as necessary to maximize the revenue derived therefrom, and to minimize the incentive for the sale of cannabis not in accordance with the provisions of this act.

132 *Section 10.* The authority shall, consistent with the objectives set forth in the preamble to this
133 act, issue the following licenses to such applicants as may qualify under this act and the rules

138 and regulations relating to cannabis, and will exercise said license in premises adequately
139 secure and otherwise suitable.

140 a. The holder of a cultivation license may possess, propagate, grow and cultivate
141 cannabis and carry on such other horticultural activities as are reasonably required for
142 the commercial cultivation of cannabis. He may sell cannabis only to the holder of a
143 processing license, his agent or employee, but to no other person. He shall file regular
144 reports as may be required by the authority, and shall be subject to all reasonable times

150 trade license, his agent or employees. Processing, packaging, boxing and crating of
151 cannabis shall be conducted in only one place. Cannabis shall be packaged in
152 quantities only of one ounce, by dry weight, in bulk only, and shall not be rolled into
153 cigarette form. The processor shall cause a label to be placed on each package bearing

162 documentation as the authority may require, and shall transfer neither title nor
163 possession of same to any person without the said stamps affixed. Said stamps shall be

165 the means by which the excise imposed by section 405 hereunder shall be paid to the
166 authority. The authority, in its discretion, may authorize the use of a metering machine
167 approved by it in lieu of stamps in order to press or attach to each package of cannabis
168 evidence of the payment of said excise. Such machine shall be sealed by its authorized
169 representative and shall be used in accordance with such rules and regulations as the
170 authority may prescribe. The authority may for cause at any time suspend or revoke the
171 authority to use such a metering machine.

d. The authority shall redeem any unused or mutilated but identifiable stamps or unused amounts for which a meter is set that any license processor may present for redemption; provided, they were originally lawfully purchased by the processor who presents them for redemption. Such redemption shall be made at the face value thereof. The authority may prescribe necessary rules and regulations for redemptions under this section. If the authority is satisfied that a processor is entitled to a redemption he shall issue to him stamps of equivalent value to cover the mutilated stamps or he may order a refund equal to the actual amount paid for said unused or mutilated stamps for the unused amounts for which the meter was set.

e. All processors shall file under the penalties of perjury with the authority, on forms to be furnished by it, monthly reports on or before the 20th day of each calendar month showing the number of stamps on hand at the beginning of the month, the number purchased during the month, the number on hand at the end of the month, the number affixed or otherwise disposed of during the month, and such other information as the authority shall require. All processors shall keep complete and accurate records from which information can be obtained to complete and audit said report, and such other records as the authority may prescribe, shall preserve such records for three years and shall offer them for inspection at any time upon oral or written demand of the authority or its duly authorized agents. The stocks of unused stamps in any metering machines shall be open to inspection by the authority or its duly authorized agents at all reasonable times.

f. The holder of a processing license, his agents and employees, may possess, process, package, box and crate cannabis seeds and may transfer such seeds as are capable of germination to the holder of a cultivation license if said seed is capable of producing cannabis preparations having a THC content of more than 1.5% by mass. The annual fee for a processing license shall be \$1,000.

g. All cannabis sold by processors shall be analyzed and graded as follows:

(1) If said cannabis contains more than 1% THC and less than 5% THC, then said cannabis shall be labeled "C".

(2) If the cannabis contains 5% or more than 5% and less than 10% THC, then said cannabis shall be labeled "B".

(3) If the cannabis contains 10% THC or more, then said cannabis shall be labeled "A".

h. The aforesaid percentages shall be established by comparing THC content to dry weight, without seeds.

i. The holder of a trade license, his agents and employees, may obtain cannabis only from a duly licensed processor or importer, and may possess cannabis only bearing valid documentation required to be affixed to all packages under the provision of paragraph

2(b) above. He may keep, store, warehouse, and transport same, and may sell cannabis only to duly licensed retailer. The annual fee for a trade license shall be \$3,000.

l. A retail license shall be exercisable only at the location specified in the license.

m. All cannabis sold by a licensed retailer must bear all appropriate labels and documentation required by this act and prescribed by the authority.

n. Cannabis shall not be sold or distributed to any person under twenty-one years of age.

o. Possession of packaged cannabis for sale at retail not bearing valid documentation as prescribed hereunder shall be a violation of Chapter 94C, Section 34, of the General Laws. It shall be no defense to a claim of violation of this paragraph that the retailer in good faith believed documentation borne by cannabis in his possession to be valid. The annual fee for a retail license shall be \$2,000.

p. The holder of an import license may possess cannabis and shall distribute same only to the holder of a processing license. All imported cannabis is subject to the same requirements of this act relating to labeling and grading as domestic cannabis.

q. The annual fee for an import license shall be \$2,500.

r. The authority may issue research licenses for a bona fide conduct of medical, social, behavioral or other research, upon such conditions and terms as the authority may prescribe consistent with the objectives of this act.

s. The annual fee for a farmer-processor-retailer license shall be \$2,500.

t. Farmer-processor-retailer licenses may only be issued to an applicant after approval by the local licensing authorities by such standards as said local licensing authorities shall reasonably determine shall protect the public health and safety.

Section 11. No license shall be issued to any person who during the preceding ten years has been convicted of a felony except a felony under Section 94C involving cannabis.

Section 12. Only a cultivation license, processing license or import license shall authorize the offering for sale, selling, possessing with intent to sell, or making of a non-gratuitous transfer or other non-gratuitous disposition of cannabis within the commonwealth, unless said cannabis be

in individual packages bearing such stamps or documentation as required by law and regulation. If any stamp or other documentation appearing on any package of cannabis be stained or smudged or its characteristics be so blurred, obscured or indistinct that it cannot be distinguished as genuine, it shall be invalid. The offering for sale, selling, possessing with intent to sell, or otherwise disposing of or making a non-gratuitous transfer of cannabis within the commonwealth, without a valid license hereunder shall be punishable under Chapter 94C, Section 32 of the General Laws.

Section 13. Each license issued hereunder shall expire in two years from the date of issue by the authority, unless sooner revoked by the authority as provided hereunder, or unless the business with respect to which such license was issued shall change ownership, or unless the holder of the license shall remove his business from the premises covered by the license, the authority not having given written approval for the transfer of said license to another person in accordance with the provisions of section 413, in any of which cases the license shall thereupon expire. In the event that a licensee removes his business to another location within his city or town, the license with respect to the former place of business shall, without the payment of an additional fee, be reissued for the new location for the balance of the unexpired term. The holder of each license, on application to the authority, accompanied by the applicable fee prescribed in section two, may, before the expiration date of the license then held by him, renew his license for a further period of two years. In case of suspension, revocation or cancellation of a license issued by the authority, no abatement or refund of any part of the fee paid therefor shall be made.

Section 14. Stamps and documentation hereunder may be issued by the authority to processors on a credit basis, provided the processor shall have furnished a surety company bond with a surety company authorized to do business in the commonwealth as surety, in such amount as the authority may fix. In lieu of a surety company bond a licensee may deposit with the authority bonds or other negotiable obligations of the commonwealth or of the United States of America of such aggregate face amount as the authority may from time to time deem necessary adequately to secure payment of the excise provided by this chapter; provided, that bonds need not be accepted by the authority unless in registered form and of denominations satisfactory to it. In case of a deposit of bonds or other negotiable obligations with the authority hereunder, it shall, while in possession of such bonds, remit to such licensee as aforesaid, or persons entitled thereto, the interest accruing and payable thereon, and if such excises together with all interest and other charges accrued thereon shall be paid in full and if the person is no longer a licensee hereunder, it shall return such bonds or obligations to the persons entitled thereto. If the excise together with all interest and other charges accrued thereon provided by this chapter shall not be paid in accordance with this chapter, the authority may sell all or any part of such bonds or obligations to satisfy the amount due the authority as aforesaid and shall return to the persons entitled thereto any excess left in its hands, provided, however, the person is no longer a licensee hereunder.

289 this chapter which has already once been used, for the purposes of evading the excise imposed
290 by this chapter, shall be punished by a fine of not more than \$2,000 or by imprisonment for not
291 more than five years, or both.

292 b.. If any person secures, manufactures or causes to be secured or manufactured, or
293 has in his possession, any cannabis excise stamp or die or device not prescribed or
294 authorized by the authority, or any counterfeit impression, such fact shall be prima facie
295 evidence that such person has counterfeited cannabis excise stamps. Whoever wilfully
296 removes or alters or knowingly permits to be removed or altered the cancellation or
297 defacing mark of any stamp provided for by this chapter with intent to use such stamp, or

374 the authority, on a form prescribed by it, a report under the penalties of perjury, stating the
375 amount of cannabis sold by such licensee in the commonwealth during the preceding calendar
376 month and such report shall contain or be accompanied by such further information as the
377 authority shall require; provided, that if a licensee ceases to sell cannabis within the
378 commonwealth he shall forthwith file with the authority such a report for the period ending with

381 other information as the authority shall require.

383 may continue to exercise the license for thirty days following the death of the licensee, but
384 thereafter only with the written consent of the authority, which consent shall expire, if not sooner
385 revoked, fifteen months from the date of death. Consent shall be withheld unless the said
386 surviving spouse or legal representative meets the qualifications prescribed by section 406 for
387 the type of license sought to be retained.

402 of the authority, reasonable costs thereof to be borne by the authority.

Section 33. The authority shall report immediately to the governor and the general court any matters which require immediate changes in the laws of the commonwealth in order to prevent abuses and evasions of this act or the rules and regulations promulgated thereunder or to rectify undesirable conditions in connection with the administration of this act.
